Name of the Activity: Medical Camp at D Gondhuru Village

Departments Involved: Zoology, NSS, Red Ribbon Club (RRC), Botany, Chemistry

Number of Students Involved: 80

On June 24, 2018, Government Degree College (GDC) Paderu organized a medical camp in D Gondhuru village. The initiative was a collaborative effort by the departments of Zoology, NSS, RRC, Botany, and Chemistry. The primary objective was to provide medical check-ups, distribute necessary medications, and raise health awareness among the villagers.

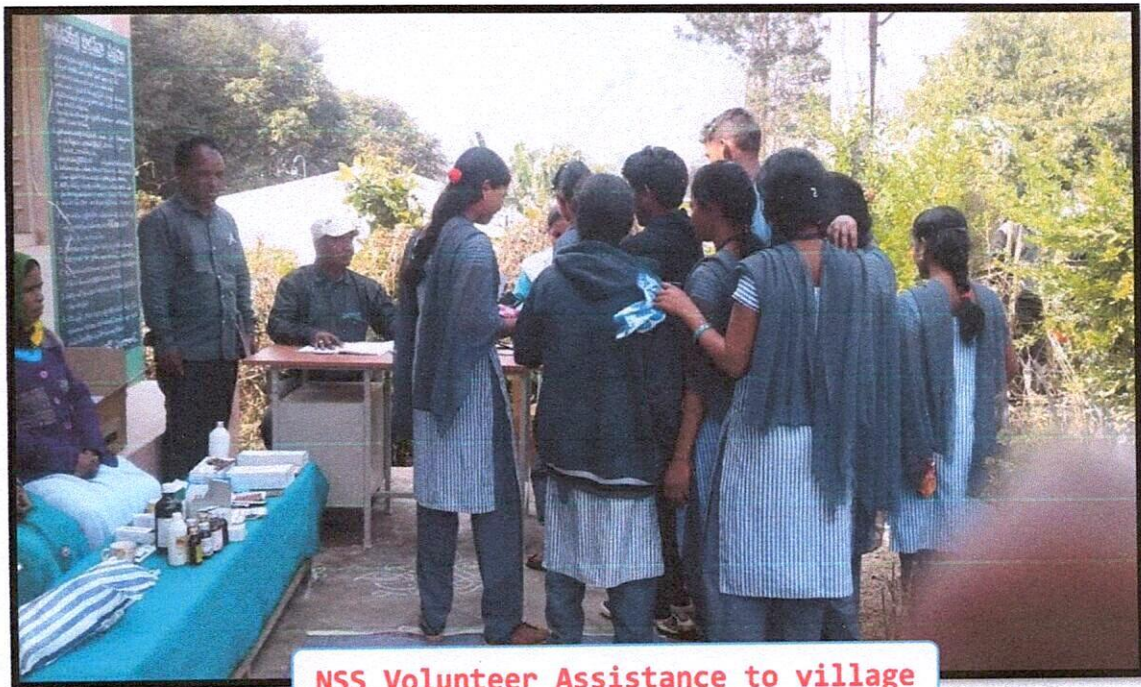

Medical Check-ups

Distribution of Medicines

NSS Volunteer Assistance:

- NSS volunteers assisted in organizing the camp, managing queues, and helping the elderly and disabled villagers to access medical services.
- They also helped in setting up the medical stations and ensuring a smooth flow of activities.

Village Streets Clean-up by students

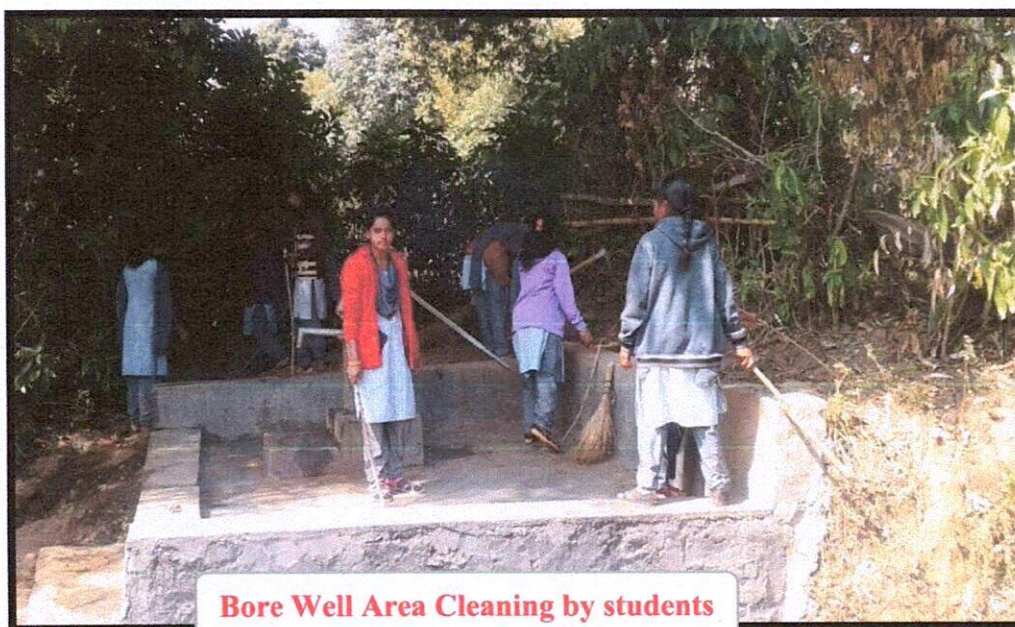

Activity report

On the 6th of December, 2018, students from the National Service Scheme (NSS) of Government Degree College (GDC) Paderu organized a "Clean and Green" campaign in the village of Koraka Puttu. The aim of this initiative was to enhance the cleanliness and environmental health of the village, with a special focus on the areas surrounding the bore well, which is the main source of drinking water for the villagers.

Key Activities:

1. Bore Well Area Cleaning:

- Special attention was given to cleaning the bore well area.
- Students ensured the area was free from contaminants and waste to protect the quality of the drinking water.
- The surroundings were cleared of debris, and steps were taken to prevent future contamination.

Bore Well Area Cleaning by students

Conclusion:

The Clean and Green activity at Koraka Puttu was a successful endeavor by the NSS unit of GDC Paderu. The concerted efforts of the students in cleaning the village and the bore well area played a vital role in promoting environmental hygiene and sustainability. The campaign not only improved the immediate conditions of the village but also instilled a sense of environmental stewardship among the participants and the villagers.

Number of Students Involved: 80

Students conduct survey

Activity Report

On the 8th of December, 2018, students from the National Service Scheme (NSS) and the departments of Zoology and Chemistry from Government Degree College (GDC) Paderu conducted a survey in the village of Koraka Puttu. The objective of this survey was to assess the health and hygiene practices of the villagers and to identify common seasonal diseases affecting the community.

Conclusion:

The health and hygiene survey at Koraka Puttu conducted by GDC Paderu was a significant step towards improving the well-being of the villagers. The collaboration between NSS, Zoology, and Chemistry departments facilitated a multidisciplinary approach to understanding and addressing the health issues faced by the community. The survey not only identified key areas for intervention but also helped in spreading crucial health awareness among the villagers.

Students clean the village streets under super vision of NSS PO Gowrisankar

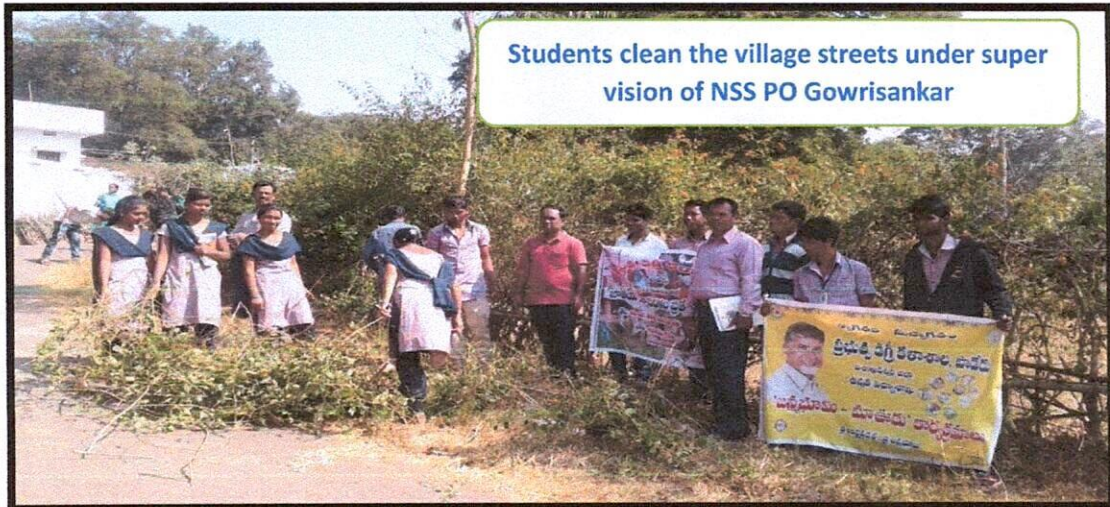

Activity Overview:

On the 10th of December, 2018, the students and faculty members of the National Service Scheme (NSS), along with the departments of Zoology, Botany, Chemistry, and Telugu from Government Degree College (GDC) Paderu, conducted a Swachh Bharat campaign in the

village of Koraka Puttu. The campaign was aimed at promoting cleanliness and hygiene among the villagers, as well as contributing to the national Swachh Bharat mission.

Key Activities:

Village Clean-up:

Students clean the village streets under super vision of NSS PO Gowrisankar

Water Shed Cleaning:

Students clean the water shed under super vision of NSS PO Gowrisankar

Water Sanitation:

- Bleaching powder was added to the water sources to purify the water and kill harmful bacteria.
- This step was crucial in preventing water-borne diseases and ensuring safe drinking water for the villagers.

Conclusion:

The Swachh Bharat activity at Koraka Puttu was a successful initiative by GDC Paderu, demonstrating the commitment of the college towards the national cleanliness drive. The collaboration between various departments and the active participation of the students played a crucial role in the success of this campaign. This initiative not only benefited the village of Koraka Puttu but also provided a valuable learning experience for the students involved.

Beyond the campus environmental promotion activities

Date: 15-12-2018

Name of the Activity: **Free Medical Camp at Koraka Puttu Village**

Departments Involved: NSS, RRC (Red Ribbon Club), Zoology, Botany, Chemistry

Number of Students Involved: 100

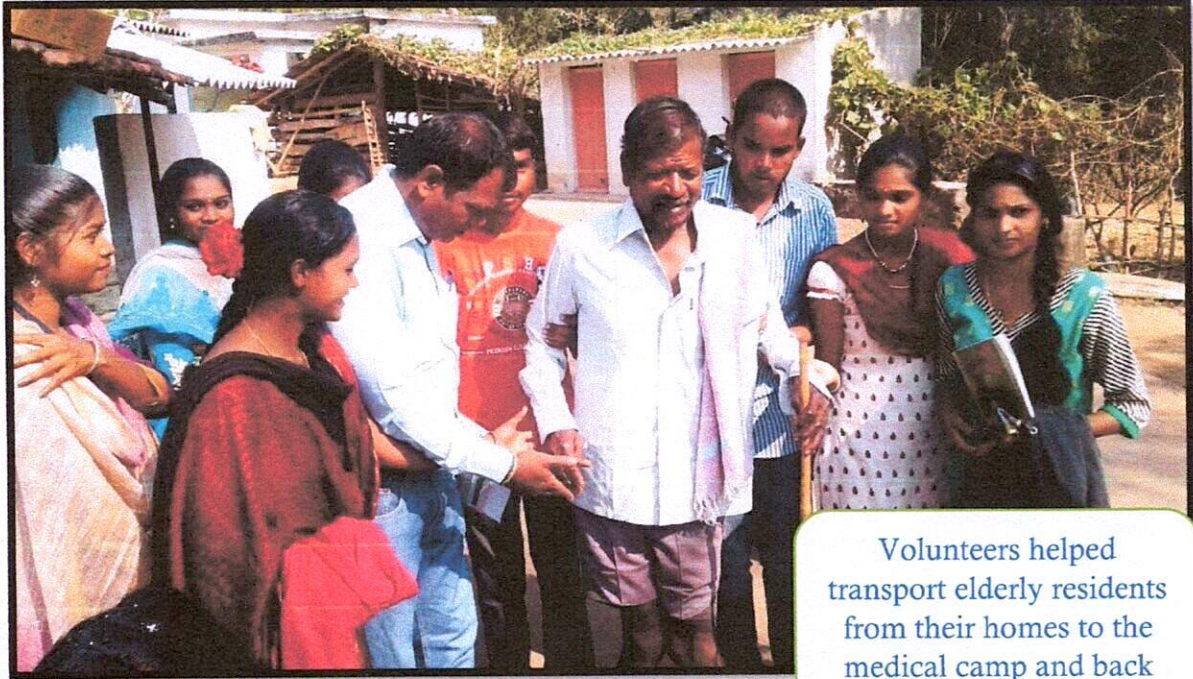

Activity report

On the 15th of December, 2018, a Free Medical Camp was organized in the village of Koraka Puttu by Government Degree College (GDC) Paderu. This initiative was a collaborative effort involving the National Service Scheme (NSS), Red Ribbon Club (RRC), and the departments of Zoology, Botany, and Chemistry. The primary goal was to provide medical check-ups and distribute necessary medications to the villagers, particularly focusing on elderly residents.

Assistance to Elderly Villagers:

- NSS volunteers played a crucial role in assisting elderly villagers.
- Volunteers helped transport elderly residents from their homes to the medical camp and back, ensuring they received necessary medical attention.

Volunteers helped transport elderly residents from their homes to the medical camp and back

- **Community Engagement:**
 - The involvement of 100 students fostered a strong sense of community service and responsibility.
 - The event highlighted the importance of healthcare and encouraged villagers to be more proactive about their health.

Conclusion:

The free medical camp at Koraka Puttu, organized by GDC Paderu, was a highly successful initiative that addressed the immediate healthcare needs of the villagers. The collaborative effort of various departments ensured a well-rounded approach to the camp, providing both medical services and community support. The proactive involvement of students not only made the event effective but also emphasized the importance of health awareness and volunteerism in community service. This initiative significantly contributed to the well-being of the villagers and underscored the college's commitment to social responsibility.

Date: 13-12-2018

Name of the Activity: Awareness on Water Pollution at Koraka Puttu Village

Departments Involved: Chemistry, Zoology, Botany, NSS

Number of Students Involved: 50 and 80 village people

Activity report

On December 13, 2018, Government Degree College (GDC) Paderu organized an awareness program on water pollution in Koraka Puttu village. The initiative was led by the Chemistry, Zoology, and Botany departments in collaboration with NSS (National Service Scheme). The primary goal was to educate both students and villagers about the causes, factors, and consequences of water pollution, with Dr. Raja Gopal, a lecturer in Chemistry at GDC Paderu, serving as the keynote speaker.

Key Activities and Highlights:

1. Keynote Address by Dr. Ram Gopal:

- Dr. Ram Gopal delivered an informative speech explaining the reasons and factors contributing to water pollution.
- He highlighted issues such as industrial effluents, agricultural runoff, improper waste disposal, and urban sewage as major contributors to water pollution.

Awareness Campaign by Dr Ram Gopal

Impact and Conclusion:

The awareness program on water pollution at Koraka Puttu village was highly effective in raising consciousness about environmental issues among both students and villagers. Through the collaborative efforts of the Chemistry, Zoology, Botany departments, and NSS, participants gained valuable insights into the causes and consequences of water pollution. The involvement of Dr. Raja Gopal as a knowledgeable speaker further enriched the educational experience, ensuring that the information conveyed was both comprehensive and accessible. This initiative not only fostered environmental stewardship but also encouraged community engagement in safeguarding water resources for future generations.

Activity Overview:

On October 12, 2019, Government Degree College (GDC) Paderu's NSS unit organized a Swachh Bharat campaign at Lochala Puttu in Paderu Mandalam. This initiative was aimed at promoting cleanliness and hygiene in the village, in line with the national Swachh Bharat Abhiyan mission.

Key Activities:

1. Village Clean-Up:

- 100 NSS students actively participated in cleaning various parts of Lochala Puttu village.
- Activities included sweeping streets, removing garbage, and clearing debris from public areas to ensure a cleaner environment.
-

Impact:

- The campaign significantly improved the cleanliness of Lochala Puttu, creating a healthier and more aesthetically pleasing environment.
- The awareness efforts empowered villagers with knowledge on maintaining hygiene, contributing to long-term benefits for community health and well-being.
- The event highlighted the active role of students in social responsibility and community service.

Students create Awareness of wearing mask to village people

The Government Degree College in Paderu, in collaboration with the Zoology Department, NSS, and RRC, conducted an extension activity on June 14, 2020. The primary focus of this activity was to raise awareness about the importance of wearing masks to prevent the spread of COVID-19 and to distribute masks to the residents of Sunduputtu and Gonduru.

1. Awareness Campaign

The students organized an awareness campaign in Sunduputtu and Gonduru. The campaign included:

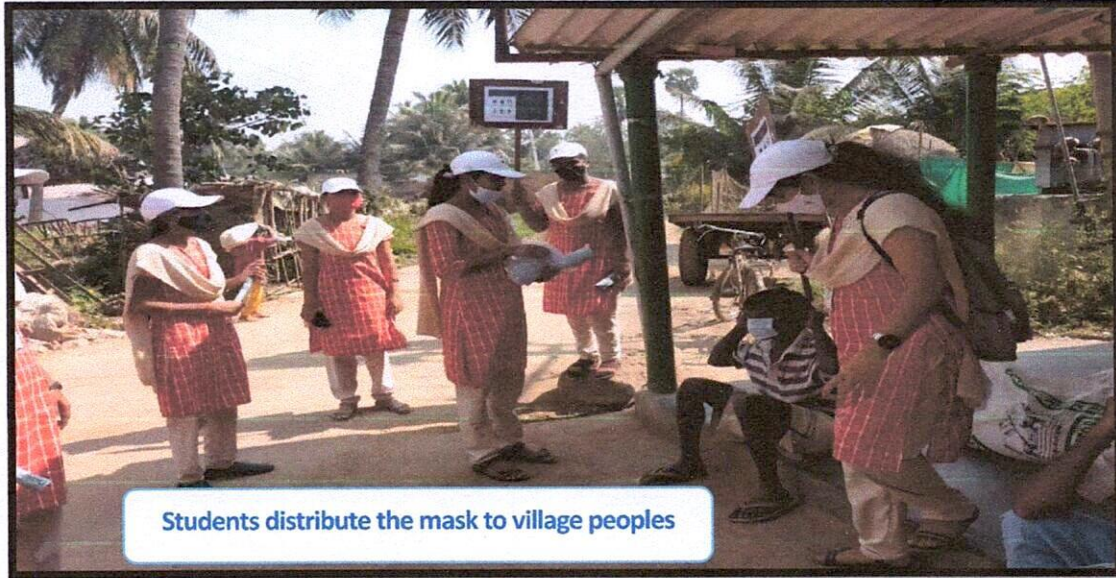

Awareness Campaign on wearing mask to village people

- **Public Announcements:** Using megaphones and public address systems, students conveyed messages about the importance of wearing masks, maintaining social distancing, and following hygiene practices.
- **Pamphlet Distribution:** Informative pamphlets, detailing the steps to prevent COVID-19 infection, were distributed among the villagers.

2. Demonstration Sessions

- **Proper Use of Masks:** Students conducted live demonstrations showing the correct way to wear masks, emphasizing covering both the nose and mouth, and avoiding touching the mask while wearing it.
- **Hand Hygiene:** Demonstrations on effective hand washing techniques and the use of hand sanitizers were also provided.

3. Mask Distribution

Conclusion

The awareness and mask distribution activity carried out by the Government Degree College, Paderu, was successful in educating and equipping the local population of Sunduputtu and Gonduru with the necessary tools to combat the spread of COVID-19. This initiative highlighted the crucial role of educational institutions in community service and public health promotion.

Activity Report

On December 1, 2020, the Red Ribbon Club (RRC) of Government Degree College (GDC) Paderu organized a rally in observance of World AIDS Day. The event aimed to raise awareness about HIV/AIDS, educate the community on prevention methods, and eliminate the stigma associated with the disease.

Key Activities:

1. Rally:

- 130 students participated in a rally through the main streets of Paderu.
- Participants carried banners and placards with messages promoting HIV/AIDS awareness, prevention, and support for those affected by the disease.

2. Awareness Campaign:

- Informational pamphlets about HIV/AIDS prevention, transmission, and

treatment were distributed to the public.

- Students engaged with community members, answering questions and providing accurate information about HIV/AIDS.

Conclusion:

The World AIDS Day Rally on December 1, 2020, in Paderu, organized by the RRC of GDC Paderu, was a successful initiative in promoting HIV/AIDS awareness. The participation of 130 students highlighted the collective commitment to public health education and the fight against HIV/AIDS. The event not only raised awareness but also strengthened community bonds and encouraged a proactive approach to health and wellness.

Beyond the campus environmental promotion activities

NSS Special Camp Report

Location: Vantana Palli

Dates: February 2, 2021 – February 7, 2021

Organized by: NSS Department, GDC Paderu

Number of Students Involved: 100

Day 1: February 2, 2021

Activities: Inauguration and Clean-Up Drive

The special camp began with an inauguration ceremony, attended by local dignitaries, NSS officers, and community members. The students received a briefing on the camp's objectives and schedule. Post-inauguration, the students initiated a clean-up drive, focusing on removing litter from public spaces and main roads in Vantana Palli. The day ended with a reflection session where students shared their experiences and observations.

Day 2: February 3, 2021

Activities: Environmental Education

On the second day, students engaged in a tree plantation drive, planting saplings in various parts of the village. The initiative aimed to promote environmental sustainability and enhance the green cover of Vantana Palli. In the afternoon, the students conducted environmental education sessions with the villagers, emphasizing the importance of conserving natural resources and adopting eco-friendly practices.

Day 3: February 4, 2021

Activities: Community Survey and Health Awareness

Students conducted a comprehensive survey to understand the community's needs, challenges, and resources. The survey covered aspects such as health, sanitation, education, and livelihood. Based on the survey findings, a health awareness session was organized, focusing on preventive measures against common illnesses and the importance of hygiene and sanitation.

Day 4: February 5, 2021

Activities: Awareness Rally

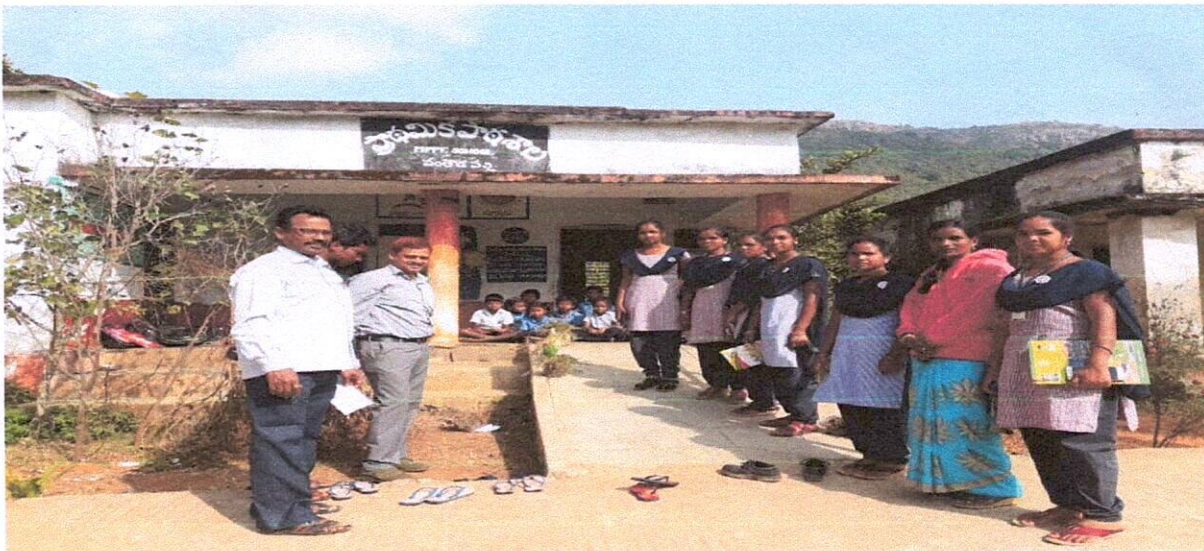

The fourth day featured an awareness rally, where students marched through the village with banners and slogans promoting health, hygiene, and environmental conservation. Following the rally, a health camp was organized in collaboration with local healthcare providers, offering free medical check-ups and consultations for the villagers. This initiative was well-received and helped address several health concerns within the community.

Day 5: February 6, 2021

Activities: Visit to Local School and Educational Activities

Students visited a local school in Vantana Palli, engaging with the children through interactive educational activities. They conducted workshops on health, hygiene, and the importance of education. The visit included games, quizzes, and distribution of educational materials to encourage learning and personal hygiene among the students.

Day 6: February 7, 2021

Activities: Clean and Green Initiative and Cultural Program

The final day involved a continued effort in the clean and green initiative, with students focusing on areas that required additional attention. In the evening, a cultural program was organized to celebrate the successful completion of the camp. The program included performances by the students and villagers, fostering a sense of community and cultural exchange.

Day 7: February 8, 2021

Activities: Valedictory Ceremony and Feedback Session

The camp concluded with a valedictory ceremony, attended by local leaders, NSS coordinators, and community members. Certificates of participation were distributed to the students, and a feedback session was conducted to gather insights and suggestions for future initiatives. The students reflected on their experiences, highlighting the skills and lessons learned during the camp.

The 7-day NSS special camp at Vantana Palli was a significant success, with active participation from students and the local community. The activities not only addressed immediate needs but also laid the groundwork for sustainable development and continued community engagement

Awareness on Seasonal Diseases and Girls' Health Related Problems by NSS PO Gowri Sankar Garu

On March 22, 2021, KGBB College, Paderu, organized an awareness program focusing on seasonal diseases and health issues specific to girls. The initiative was led by NSS (National Service Scheme) in collaboration with the Red Ribbon Club (RRC). A total of 50 NSS students and 100 school students participated in the event, alongside NSS Program Officer Gowrisankar.

Key Activities:

1. Educational Sessions:

- Informative sessions were conducted on common seasonal diseases prevalent in the region and preventive measures.
- Discussions centered around health problems specific to girls, including menstrual hygiene and reproductive health..

Awareness on Seasonal Diseases and Girls' Health Related Problems by students

Conclusion:

The awareness program at KGBB College, Paderu, on March 22, 2021, facilitated by NSS and RRC, contributed significantly to promoting health awareness among students. By addressing seasonal diseases and girls' health issues, the initiative not only imparted valuable knowledge but also empowered participants to prioritize their health and adopt healthier lifestyles. Such initiatives play a vital role in building a healthier and more informed community.

Activity report

On May 4, 2021, the NSS, Zoology, and RRC departments organized a Corona Vaccination Awareness Program and Vaccination Drive at Sundruputtu Lochula Puttu in Paderu Mandal. This initiative was aimed at increasing awareness about the COVID-19 vaccination, addressing vaccine hesitancy, and facilitating the vaccination process for the local community.

Activities Conducted

1. Awareness Sessions:

- Conducted educational sessions using pamphlets, posters, and verbal communication to inform the community about the benefits and safety of the COVID-19 vaccines.
- Addressed common myths and misconceptions about the vaccine.
-

2. Interactive Discussions:

- Organized Q&A sessions where community members could ask questions and express their concerns about the vaccine.
- Provided answers and information backed by scientific data and health guidelines.

3. Vaccination Drive:

- Set up vaccination booths in collaboration with local health authorities.
- Ensured proper registration and documentation for those getting vaccinated.
- Managed the flow of individuals to maintain social distancing and other safety protocols.

**Covid 19 vaccination Drive by
medical staff**

- **Awareness Campaign:** Designing and distributing informative materials, conducting educational talks, and engaging with the community.

**Door to door Awareness Campaign by
students and NSS PO**

- **Conclusion**

The Corona Vaccination Awareness Program and Vaccination Drive at Sundruputtu Lochula Puttu were effective in both educating the community and facilitating the vaccination process. The involvement of 78 dedicated students played a crucial role in the success of the event, demonstrating the impact of collaborative efforts in public health initiatives.

Students cleaning the forest department office

On July 14, 2021, the NSS, Botany, and Zoology departments organized a "Clean and Green" initiative at the Forest Department Office. A total of 79 students participated actively in the event. The day began with an orientation session outlining the goals and tasks for the day. Students were divided into teams and assigned areas for cleaning and beautification.

Throughout the day, participants engaged in activities such as litter collection, weeding, and clearing debris to improve the cleanliness and aesthetic appeal of the office premises. Simultaneously, awareness sessions were conducted on the significance of maintaining a clean environment and adopting sustainable practices. Discussions emphasized waste management, recycling, and the importance of biodiversity conservation.

The initiative concluded with a tree plantation drive, where native saplings were planted within the office compound. This initiative not only enhanced the green cover but also underscored the commitment of the participants towards environmental stewardship.

Awareness on Seasonal diseases by NSS PO

On July 16, 2021, 50 students from the Zoology, NSS (National Service Scheme), and RRC (Red Ribbon Club) departments participated in an awareness program on seasonal diseases at APTWR School for Boys in Paderu. The event focused on educating students about common seasonal diseases such as malaria, dengue, typhoid, and diarrhoea, and the preventive measures to combat them.

Key Highlights of the Program:

1. **Keynote Address:** The session was inaugurated by the keynote speaker, Sri Gowri Sankar, NSS Program Officer. He provided an overview of the importance of awareness and prevention of seasonal diseases. His talk emphasized the impact of these diseases on health and the community.

The event successfully raised awareness about seasonal diseases among the students, equipping them with the knowledge to recognize symptoms and understand the importance of preventive measures. The collaboration between the Zoology, NSS, and RRC departments was instrumental in the effective planning and execution of the program.

Activity Report

On March 6, 2022, Government Degree College, Paderu, organized an extension activity at Moda Mamba Degree College, Paderu, focusing on raising awareness about seasonal diseases and the importance of blood donation. This initiative was a collaborative effort between the NSS and Zoology departments, aiming to educate students and the local community on vital health issues.

Objectives:

- To educate participants about common seasonal diseases, their prevention, and management.
- To promote the significance of blood donation and dispel common myths.
- To encourage active participation in health and wellness activities within the community.

**Awareness programme on Seasonal Diseases
by NSS PO Gowri Sankar Garu**

Programme Details:

1. Seasonal Diseases Awareness:

- The session started with an informative talk by P. Rmesh Kumar, Lecturer in Zoology, who served as the keynote speaker. He provided comprehensive insights into various seasonal diseases, such as dengue, malaria, and influenza.
- The discussion included details on the symptoms, preventive measures, and treatment options for these diseases.
- Emphasis was placed on the importance of personal hygiene, mosquito control measures, and vaccination.

2. Blood Donation Awareness:

- Gowri Sankar, NSS Programme Officer, led the segment on blood donation. He highlighted the critical need for regular blood donations and the positive impact it has on saving lives.
- Common misconceptions about blood donation were addressed, and the process of donating blood was explained to ease any apprehensions.
- Students were encouraged to register as blood donors and participate in upcoming blood donation drives.

**Awareness programme on Blood Donation by
NSS PO Gowri Sankar Garu**

Conclusion:

The awareness programme on seasonal diseases and blood donation was a significant step towards enhancing public health awareness in the Paderu region. The active involvement of students and faculty members underscored the success of the event, highlighting the role of educational institutions in promoting health and wellness. Moving forward, similar initiatives will continue to be a priority for Government Degree College, Paderu, to ensure sustained community engagement and education.

On May 28, 2022, the NSS department organized an awareness program on environmental conservation at Paderu Village. The event saw the participation of 30 students who actively engaged in educating the local community about the importance of protecting the environment. Activities included distributing leaflets on sustainable practices, conducting informative sessions on waste management, and planting saplings in the village. The students' dedication to promoting environmental awareness was evident, and their efforts

were well-received by the villagers. This program significantly contributed to fostering a greater understanding of environmental issues and encouraging the community to adopt eco-friendly habits.

**Rally Program Conducted
on National Environmental Day
by NSS Volunteers at GDC Paderu.**

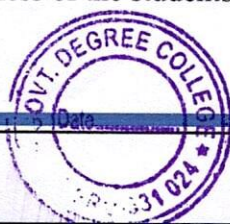

Activity Report

On June 5th, 2022, Government Degree College, Paderu, celebrated World Environment Day with a collaborative effort involving the Botany, Zoology, and Chemistry departments, along with the NSS and the Forest Department of Paderu. The event aimed to spread awareness about environmental issues and promote actions towards a sustainable future.

A total of 113 students participated in a rally that took place in Paderu town. The rally included various activities and demonstrations emphasizing the significance of environmental conservation. Participants carried banners, posters, and placards with messages about protecting the environment, reducing pollution, and conserving biodiversity.

The event highlighted the crucial role that educational institutions and students play in advocating for environmental sustainability. The collaboration with the Forest Department provided additional insights and support, enriching the educational experience and reinforcing the importance of forest conservation in the region.

Overall, the rally was a successful endeavor, fostering community engagement and enhancing the environmental awareness of the students and the local population.

sustainability and awareness among students and the local community. This initiative was conducted in collaboration with the Forest Department and the Red Cross Society.

Participants: The event saw active participation from 48 students from the NSS, Botany, and Zoology departments. Additionally, a Forest Ranger Officer and an official from the Red Cross Society were present to guide and support the activity.

Conclusion: The tree plantation programme was a significant step towards promoting environmental awareness and action among students and the local community. The active involvement of various departments and external organizations ensured the success of the event and set a precedent for future environmental activities. The college remains committed to continuing such initiatives to contribute to a greener and healthier environment.

Name of the Activity: **Awareness on plastic at paderu town**

Name of Department : NSS

No of students involved: 50

On June 8, 2022, the NSS department conducted an awareness program on plastic pollution at Paderu Town. A total of 50 students participated in this initiative aimed at educating the public about the detrimental effects of plastic waste on the environment. The program included distributing informative pamphlets, conducting workshops on alternative eco-friendly materials, and organizing a clean-up drive to collect and properly dispose of plastic waste. The students' enthusiastic participation and commitment to environmental preservation significantly raised awareness among the residents of Paderu Town, promoting the adoption of sustainable practices and reducing plastic usage.

**Awareness on sickle cell anemia by
Medical staff**

Activity Report

On December 5, 2022, an awareness program on sickle cell anemia was conducted at APTWR G School in Srikrishna Puram. The event saw the participation of 300 students and was organized collaboratively by the Zoology, RRC (Red Ribbon Club), NSS (National Service Scheme) departments, and the Indian Red Cross Society Paderu.

The event was highly successful in raising awareness about sickle cell anemia among the students. It equipped them with essential knowledge and preventive strategies, fostering a deeper understanding of the disease. The collaborative effort of the Zoology, RRC, NSS departments, and the Indian Red Cross Society was crucial in the effective organization and execution of the program.

- To engage in activities that promote environmental sustainability and community involvement.

Programme Details:

1. Inaugural Session:

- The event commenced with an inaugural session led by Dr. V. Chittabai, the Principal of the college, who emphasized the significance of environmental conservation and the role of educational institutions in promoting sustainability.
- Dr. V. Chittabai also planted a tree on the college premises to mark the occasion, symbolizing the commitment to green initiatives.

2. Tree Plantation Drive:

- Following the inaugural session, a tree plantation drive was conducted within the college campus. Participants included students, teaching and non-teaching staff.
- Various indigenous trees were planted to enhance the green cover and promote biodiversity.

Environmental Awareness Rally:

- An awareness rally was conducted in and around the college campus. Participants carried placards and banners with messages on environmental protection and sustainability.
- The rally aimed to engage the local community and spread awareness about the importance of protecting the environment.

Conclusion:

The World Environment Day celebration at Government Degree College, Paderu, was a successful and impactful event. It highlighted the importance of environmental conservation and engaged the college community in meaningful activities. The college remains committed to promoting sustainability and environmental awareness through ongoing initiatives and educational programs.
